# AWS Bundle: Technical Essentials and Architecting on AWS

Presented by TÜV Rheinland, your  
1st step into a cloud architect role –  
Precisely Right.

AWS ATP Training Offers | AWS EMEA Summit 2021

## Let's combine knowledge of AWS services with creating an IT infrastructure on AWS!

Learn about the basics of cloud computing, storage, and networking.

After a comprehensive overview of the AWS service, you will get into the matter of the architecture patterns and infrastructure in the AWS Cloud.

Using case studies and other practical exercises on architecture, you will learn how to implement the cloud profitably and effective.

At TÜV Rheinland Academy, we offer tailored programs and services for vocational training, on-the-job training and personnel management for over 20 years. With more than 12,000 training programs – seminars, virtual classrooms, courses, and conferences – and more than 2,500 speakers per year, you will find the right solution for your training needs.

Please [visit our website](#) for more information about the AWS Bundle Technical Essentials and Architecting on AWS.

Our training is available in English and German.

## Company Profile

TÜV Rheinland is a leading international technical service provider.

We are authorized training partner and precisely the right experts.

Develop your AWS expertise and get ready for the challenges of the job!
